Benefits for pharmacy dispensed prescription drugs are not available under the above stated BluePreferred coverage. However, the Group may provide coverage for prescription drug benefits under a separate plan from a third party insurer. Please contact the Group for further details.

Note: Allowed Benefit is the fee that participating providers in the network have agreed to accept for a particular service. The participating provider cannot charge the member more than this amount for any covered service. Example: Dr. Carson charges $100 to see a sick patient. To be part of CareFirst's network, he has agreed to accept $50 for the visit. The member will pay their copay/coinsurance and deductible (if applicable) and CareFirst will pay the remaining amount up to $50.

* No copayment or coinsurance.

1 When multiple services are rendered on the same day by more than one provider, Member payments are required for each provider.

2 In-network: When covered services are rendered by a provider in the Preferred Provider network, care is reimbursed at the in-network level. In-network coinsurances are based on a percentage of the Allowed Benefit. The Allowed Benefit is generally the contracted rates or fee schedules that Preferred Providers have agreed to accept as payment for covered services. These payments are established by CareFirst BlueCross BlueShield (CareFirst), however, in certain circumstances, the Allowed Benefit for a Preferred Provider may be established by law.

3 Out-of-network: When covered services are rendered by a provider not in the Preferred Provider network, care is reimbursed as out-of-network. Out-of-network coinsurances are based on a percentage of the Allowed Benefit. The Allowed Benefit is generally the contracted rates or fee schedules that Preferred Providers have agreed to accept as payment of covered services. These payments are established by CareFirst, however, in certain circumstances, the Allowed Benefit for an out-of-network provider may be established by law. When services are rendered by Non-Preferred Providers, charges in excess of the Allowed Benefit are the member's responsibility.

4 For family coverage only: When one family member meets the individual deductible, they can start receiving benefits. Each family member cannot contribute more than the individual deductible amount. The family deductible must be met before the remaining family members can start receiving benefits.

5 For Family coverage only: When one family member meets the individual out-of-pocket maximum, their services will be covered at 100% up to the Allowed Benefit. Each family member cannot contribute more than the individual out-of-pocket maximum amount. The family out-of-pocket maximum must be met before the services for all remaining family members will be covered at 100% up to the Allowed Benefit. Coinsurance amounts that you pay for services from an out-of-network provider (except for emergency room and ambulance services) are not included in your Annual Out-of-Pocket Maximum.

6 An inpatient admission at a Skilled Nursing Facility and/or an Inpatient Rehabilitation Facility must be within 14 days of a hospital confinement of at least 3 days.

Not all services and procedures are covered by your benefits contract. This summary is for comparison purposes only and does not create rights not given through the benefit plan.
