## PATIENT CHARGE SCHEDULE

This Patient Charge Schedule describes the benefits of your dental plan and includes a list of covered procedures, and coinsurance percentage or copay for each covered procedure.

### Important Highlights

- **The covered procedures are listed by American Dental Association Common Dental Terminology (CDT) code so you'll always know what services are included in your plan.** Remember, if a procedure is not listed on the Patient Charge Schedule, then it's not a covered benefit on your plan.
- **The coinsurance is listed as a percentage of the total cost that you owe directly to the dentist** and is calculated based on the network dentist's contracted fee schedule, which is the amount Cigna agrees to pay dentists for their services. The contracted fee schedules vary by network dentist. Your exact out-of-pocket costs are calculated by multiplying the coinsurance percentage for a given procedure by the dentist's contracted fee for that same procedure. If you'd like more information about your specific out-of-pocket costs, call us 24/7 at 1.800.Cigna24 or the phone number on your ID card.
- **The copay is the fixed dollar amount that you owe directly to the dentist.** Your out-of-pocket cost for any covered procedure with a copay is only that exact dollar amount.
- This Patient Charge Schedule applies only when covered dental services are performed by your Network Dentist, unless otherwise authorized by Cigna Dental as described in your plan documents.
- This Patient Charge Schedule applies to Specialty Care when an appropriate referral is made to a Network Specialty Periodontist or Oral Surgeon. You must verify with the Network Specialty Dentist that your treatment plan has been authorized for payment by Cigna Dental. Prior authorization is not required for specialty referrals for Pediatric, Orthodontic, and Endodontic services. You may select a Network Pediatric Dentist for your child under the age of 7 by calling Member Services at 1.800.Cigna24 to get a list of Network Pediatric Dentists in your area. Coverage for treatment by a Pediatric Dentist ends on your child's 7th birthday; however, exceptions for medical reasons may be considered on an individual basis. Your Network General Dentist will provide care upon your child's 7th birthday.

PATIENT CHARGE SCHEDULE (Q6I00)

Important Highlights (continued)

- Procedures **not** listed on this Patient Charge Schedule are **not** covered and are the patient’s responsibility at the dentist’s usual fees.
- The cost of gold/high noble metal is an additional charge for any procedure (i.e., inlays, crowns, bridges or partial dentures) and is the patient’s responsibility.
- Cigna Dental considers infection control and/or sterilization to be incidental to and part of the charges for services provided and not separately chargeable.
- The administration of IV sedation, general anesthesia, and/or nitrous oxide is not covered except as specifically listed on this Patient Charge Schedule. The application of local anesthetic is covered as part of your dental treatment.
- This Patient Charge Schedule is subject to *annual change* in accordance with the terms of the group agreement.
- Procedures listed on the Patient Charge Schedule are subject to the plan limitations and exclusions described in your plan book/certificate of coverage and/or group contract.
- All patient charges correspond to the Patient Charge Schedule in effect on the date the *procedure is initiated*.
- The American Dental Association may periodically change CDT Codes or definitions. Different codes may be used to describe these covered procedures.
