Vision coverage that's easy to see

You can count on us to help make your experience easier.

We'll give you tools and support to help you save time, save money and find care when and where you need it. With our large network, there's always a provider in sight.

Your ID card

You do not need a member ID card to use your benefits. However, if you'd like one, you can easily print one from myuhcvision.com. Once you've logged in, click on *Print ID Card* from the main dashboard page.

With our large network, there's always a provider in sight.

We've created a large vision network (called Spectera Eyecare Networks) so you can easily find a provider who meets your lifestyle, eye care and eyewear needs. You can choose to get care from a doctor at a private practice or you can take advantage of the convenient evening and weekend hours of a retail chain.

Choose from local and national providers.²

Here are just some of the well-known retail locations in our network:

Five Things To Know:

1. You have access to a **national network of providers**, including optometrists and ophthalmologists as well as the choice of either a private practice or retail setting.
2. Your plan includes a fully covered **eye exam with eyeglasses or contacts**, after applicable co-payment.
3. You are not limited to a small selection of **eyeglass frames**. Your plan includes an allowance that can be applied to any frame available at your participating provider's office.
4. Your **contact lens** benefit applies to the evaluation, fitting fees and purchase of contact lenses as well as two follow-up visits.
5. There's a website just for you at myuhcvision.com.

Not all plans include lens option or materials coverage or discounts. For more COVERAGE DETAILS see your Benefit Summary or official vision plan documents.
