

Discrimination is Against the Law

The Plan complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex, including sex stereotypes and gender identity. The Plan does not exclude people or treat them differently because of race, color, national origin, age, disability, or sex assigned at birth, gender identity or recorded gender. Furthermore, the Plan will not deny or limit coverage to any health service based on the fact that an individual's sex assigned at birth, gender identity, or recorded gender is different from the one to which such health service is ordinarily available. The Plan will not deny or limit coverage for a specific health service related to gender transition if such denial or limitation results in discriminating against a transgender individual.

The Plan:

- Provides free aids and services to people with disabilities to communicate effectively with us, such as:
 - Qualified sign language interpreters
 - Written information in other formats (large print, audio, accessible electronic formats, other formats)
- Provides free language services to people whose primary language is not English, such as:
 - Qualified interpreters
 - Information written in other languages

If you need these services, contact the Civil Rights Coordinator.

If you believe that the Plan has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability, or sex, including sex stereotypes and gender identity, you can file a grievance with: Civil Rights Coordinator, P.O. DEFINITIONS

Certain terms used throughout this Certificate begin with capital letters. When these terms are capitalized, use the following definitions to understand their meanings as they pertain to Your benefits and the way the dental plan works.

Certificate Holder(s) - An individual who has enrolled him/herself and his/her Dependents for dental coverage and for whom Premium payments are due and payable. Also referred to as "You" or "Your" or "Yourself".

Certificate of Insurance ("Certificate") - This document, including riders, schedules, addenda and/or endorsements, if any, which describes the coverage purchased from the Company by the Policyholder.

Coinsurance - Those remaining percentages or dollar amounts of the Maximum Allowable Charge for a Covered Service that are the responsibility of either the Certificate Holder or his/her enrolled Dependents after the Plan pays the percentages or dollar amounts shown on the Schedule of Benefits for a Covered Service.

Company - United Concordia, the insurer. Also referred to as "We", "Our" or "Us".

Coordination of Benefits ("COB") - A method of determining benefits for Covered Services when the Member is covered under more than one plan to prevent duplication of payment so that no more than the incurred expense is paid.

Cosmetic - Those procedures which are undertaken primarily to improve or otherwise modify the Member's appearance.

Covered Service(s) - A service or supply specified in this Certificate and the Schedule of Benefits for which benefits will be covered subject to the Schedule of Exclusions and Limitations, when rendered by a dentist, or any other duly licensed dental practitioner under the scope of the individual's license when state law requires independent reimbursement of such practitioners.

Deductible(s) - A specified amount of expenses set forth in the Schedule of Benefits for Covered Services that must be paid by the Member before the Company will pay any benefit.

Dentally Necessary - A dental service or procedure is determined by a dentist to either establish or maintain a patient's dental health based on the professional diagnostic judgment of the dentist and the prevailing standards of care in the professional community. The determination will be made by the dentist in accordance with guidelines established by the Company. When there is a conflict of opinion between the dentist and the Company on whether or not a dental service or procedure is Dentally Necessary, the opinion of the Company will be final.

Dependent(s) - Certificate Holder's enrolled spouse, and any enrolled child, adoptive child or stepchild of a Certificate Holder, or an enrolled child subject to a court order or placed by an administrative agency with a Certificate Holder:

- (a) until the end of the month the child reaches the limiting age of 26; or
- (b) to any age beyond the limiting age listed above if the child is and continues to be both incapable of self-sustaining employment by reason of mental or physical handicap and chiefly dependent upon the Certificate Holder for maintenance and support.

For a child under the limiting age listed above, the following factors will not affect eligibility to enroll as a Dependent: financial dependency on or residency with the Certificate Holder; marital status; student status; employment; eligibility to enroll for coverage under another policy or contract; or any combination of these factors.

Effective Date – The date on which the Group Policy begins or coverage of enrolled Members begins.

Exclusion(s) – Services, supplies or charges that are not covered under the Group Policy as stated in the Schedule of Exclusions and Limitations.

Experimental or Investigative – The use of any treatment, procedure, facility, equipment, drug, or drug usage device or supply which the Company, determines is not acceptable standard dental treatment of the condition being treated, or any such items requiring federal or other governmental agency approval which was not granted at the time the services were rendered. The Company will rely on the advice of the general dental community including, but not limited to dental consultants, dental journals and/or governmental regulations, to make this determination.

Grace Period – A period of no less than 31 days after Premium payment is due under the Policy, in which the Policyholder may make such payment and during which the protection of the Group Policy continues, subject to payment of Premium by the end of the Grace Period.

Group Policy – The agreement between the Company and the Policyholder, under which the Certificate Holder is eligible to enroll.

Limitation(s) – The maximum frequency or age limit applied to a Covered Service set forth in the Schedule of Exclusions and Limitations incorporated by reference into this Certificate.

Maximum(s) – The greatest amount the Company is obligated to pay for all Covered Services rendered during a specified period as shown on the Schedule of Benefits.

Maximum Allowable Charge – The maximum amount the Plan will allow for a specific Covered Service. Maximum Allowable Charges may vary depending upon the contract between the Company and the particular Participating Dentist rendering the service. Depending upon the Plan purchased by the Policyholder, Maximum Allowable Charges for Covered Services rendered by Non-Participating Dentists may be the same or higher than such charges for Covered Services rendered by Participating Dentists in order to help limit out-of-pocket costs of Members choosing Non-Participating Dentists.

Member(s) – Certificate Holder(s) and their Dependent(s).

Non-Participating Dentist – A dentist who has not signed a contract with the Company or an affiliate of the Company.

Participating Dentist – A dentist who has executed a Participating Dentist Agreement with the Company or an affiliate of the Company, under which he/she agrees to accept the Company's Maximum Allowable Charges as payment in full for Covered Services.

Plan – Dental benefits pursuant to this Certificate and attached Schedule of Exclusions and Limitations and Schedule of Benefits.

Policyholder – Organization that executes the Group Policy. Also referred to as "Your Group".

Premium – Payment that the Policyholder must remit to the Company in exchange for coverage of the Policyholder's Members.

Renewal Date – The date on which the Group Policy renews. Also known as anniversary date.

Schedule of Benefits – Attached summary of Covered Services, Plan payment percentages, Deductibles, Waiting Periods and Maximums applicable to benefits payable under the Plan.

Schedule of Exclusions and Limitations – Attached list of Exclusions and Limitations applicable to benefits, services, supplies or charges under the Plan.

State Law Provisions Addendum – Attached document containing specific provisions required by state law to be modified, deleted from, and/or added to the Certificate of Insurance.

Termination Date – The date on which the dental coverage ends for a Member or the Group Policy terminates.

Waiting Period(s) – A period of time a Member must be enrolled under the Group Policy before benefits will be paid for Covered Services as shown on the attached Schedule of Benefits.

ELIGIBILITY AND ENROLLMENT -- WHEN COVERAGE BEGINS

New Enrollment

If You have already satisfied Your Group's eligibility requirements when the Group Policy begins and Your enrollment information is supplied to Us, Your coverage and Your Dependents' coverage will begin on the Effective Date of the Group Policy provided We receive the Premium.

If You join the Group or become employed after the initial Effective Date of the Group Policy, in order to be eligible to enroll, You must first satisfy any eligibility requirements of Your Group. Your Group will inform You of these requirements.

You must supply the required enrollment information on Yourself and Your Dependents within 31 days of the date You meet these requirements. Your Dependents must also meet the requirements detailed in the definition of Dependent in the Definitions section of this Certificate.

Your coverage and Your Dependents' coverage will begin on the date specified in the enrollment information supplied to Us provided Premium is paid.

The Company is not liable to pay benefits for any services started prior to a Member's Effective Date of coverage. Multi-visit procedures are considered "started" when the teeth are irrevocably altered. For example, for crowns, bridges and dentures, the procedure is started when the teeth are prepared and impressions are taken. For root canals, the procedure is started when the tooth is opened and pulp is removed. Procedures started prior to the Member's Effective Date are the liability of the Member or a prior insurance carrier.

Enrollment Changes

After Your initial enrollment, there are certain life change events that permit You to add Dependents. These events are:

- birth of a child;
- adoption of a child;
- court order of placement or custody of a child;
- marriage of the Certificate Holder;

To enroll a new Dependent as a result of one of these events, You must notify Your Group and supply the required enrollment change information within 31 days of the date You acquired the Dependent. The Dependent must meet the requirements detailed in the definition of Dependent in the Definitions section of this Certificate.

Except for newly born or adoptive children, coverage for the new Dependent will begin on the date specified in the enrollment information provided to Us as long as the Premium is paid.

Newly born children of a Member will be considered enrolled from the moment of birth. Adoptive children will be considered enrolled from the date of adoption or placement, except for those adopted or placed within 31 days of birth who will be considered enrolled Dependents from the moment of birth. In order for coverage of newly born or adoptive children to continue beyond the first 31 day period, the child's enrollment information must be provided to Us and the required Premium must be paid within the 31 day period.

For an enrolled Dependent child who is mentally or physically handicapped, evidence of his/her reliance on You for maintenance and support due to his/her condition must be supplied to Us within 30 days after said Dependent attains the limiting age shown in the definition of Dependent. Such evidence will be requested based on information provided by the Member's physician but no more frequently than annually.

Dependent coverage may only be terminated when certain life change events occur. These events include:

- death of the Certificate Holder or a Dependent; or
- divorce of the Certificate Holder;
- for a child, reaching the limiting age specified in the definition of Dependent;

Late Enrollment

If You or Your Dependents are not enrolled within 31 days of initial eligibility or a life change event, You or Your Dependents cannot enroll until the next open enrollment period conducted for Your Group unless otherwise required by applicable state or federal law or permitted by Your Group under the rules of its benefit plans. If You are required to provide coverage for a Dependent child pursuant to a court order, You will be permitted to enroll the Dependent child without regard to enrollment season restrictions.

Voluntary Disenrollment

If You chose to drop Your coverage or Your Dependents' coverage under the Plan at any time during the contract year other than at open enrollment, You will not be permitted to enroll Yourself or Your Dependents at a later time unless You supply proof of loss of coverage under another dental plan or You or Your Dependents are eligible for a special enrollment period required by applicable state or federal law or permitted by Your Group under the rules of its benefit plans. The loss of coverage must be due to a valid life change event such as death, divorce or change in employment status of spouse. If You supply such proof, You will be permitted to re-enroll at the next open enrollment period. You will be considered a new enrollee with respect to application of any Waiting Periods or benefit level changes shown on the Schedule of Benefits.

HOW THE DENTAL PLAN WORKS

Choice of Provider

You may choose any licensed dentist for services. However, Your out-of-pocket costs will vary depending upon whether or not Your dentist participates with United Concordia. If You choose a Participating Dentist, You may limit Your out-of-pocket cost. Participating Dentists agree by contract to accept Maximum Allowable Charges as payment in full for Covered Services. Participating dentists also complete and send claims directly to Us for processing. To find a Participating Dentist, visit *Find a Dentist* on Our website at www.unitedconcordia.com or call Our Interactive Voice Response System at the toll-free number in the Introduction section of this Certificate.

If You go to a dentist who is not a United Concordia Participating Dentist, You may have to pay the dentist at the time of service, complete and submit Your own claims and wait for Us to reimburse You. You will be responsible for the dentist's full charge which may result in higher out-of-pocket costs for You.

When You visit the dental office, let Your dentist know that You are covered under a United Concordia program and give the dental office Your contract ID number and group number. If Your dentist has questions about Your eligibility or benefits, instruct the office to call Our Interactive Voice Response System at the toll-free number in the Introduction section of this Certificate or visit *Dental Inquiry* on Our website at www.unitedconcordia.com.

Claims Submission

Upon completion of treatment, the services performed must be reported to Us in order for You to receive benefits. This is done through submission of a paper claim or electronically. Participating Dentists will report services to Us directly for You and Your Dependents.

Most dental offices submit claims or report services for patients. However, if You do not receive treatment from a Participating Dentist, You may have to complete and send claims to Us in the event the dental office will not do this for You. To obtain a claim form, visit the Members link on our website at www.unitedconcordia.com. Be sure to include on the claim:

- the patient's name

- date of birth
- Your contract ID number
- patient's relationship to You
- Your name and address
- the name and policy number of a second insurer if the patient is covered by another dental plan.

Your dentist should complete the treatment and provider information or supply an itemized receipt for You to attach to the claim form. Send the claim form or predetermination to the address in the Introduction section of this Certificate.

For orthodontic treatment, if covered under the Plan, an explanation of the planned treatment must be submitted to Us. Upon review of the information, We will notify You and Your dentist of the reimbursement schedule, frequency of payment over the course of the treatment, and Your share of the cost.

Should You have any questions concerning Your coverage, eligibility or a specific claim, contact Us at the address and telephone number in the Introduction section of this Certificate or log onto My Dental Benefits at www.unitedconcordia.com.

Predetermination

A predetermination is a review in advance of treatment by Us to determine patient eligibility and coverage for planned services. Predetermination is not required to receive a benefit for any service under the Plan. However, it is recommended for extensive, more costly treatment such as crowns and bridges. A predetermination gives You and Your dentist an estimate of Your coverage and how much Your share of the cost will be for the treatment being considered.

To have services predetermined, You or Your dentist should submit a claim showing the planned procedures but leaving out the dates of services. Be sure to sign the predetermination request. Substantiating material such as radiographs and periodontal charting may be requested by Us to estimate benefits and coverage. We will determine benefits payable, taking into account Exclusions and Limitations including alternate treatment options based upon the provisions of the Plan. We will notify you of the estimated benefits.

When the services are performed, simply have Your dentist call Our Interactive Voice Response System at the telephone number in the Introduction section of this Certificate, or fill in the dates of service for the completed procedures on the predetermination notification and re-submit it to Us for processing. Any predetermination amount estimated is subject to continued eligibility of the patient. We may also make adjustments at the time of final payment to correct any mathematical errors, apply coordination of benefits, and comply with Your Plan in effect and remaining program Maximum dollars on the date of service.

BENEFITS

Schedule of Benefits

Your benefits are shown on the attached Schedule of Benefits. The Schedule of Benefits shows:

- the classes and groupings of dental services covered, shown with a “Plan Pays” percentage greater than “0%”.
- the percentage of the Maximum Allowable Charges the Plan will pay.
- any Waiting Periods that must be satisfied for particular services before the Plan will pay benefits. Waiting Periods are measured from date of enrollment in the Plan.
- any Deductibles You and/or Your family must pay before any benefits for Covered Services will be paid by the Plan, and the Covered Services for which there is no deductible. The Deductible is applied only to expenses for Covered Services and on either a calendar year or contract year basis (yearly period beginning with the Effective Date of the Group Policy).
- any Maximums for Covered Services for a given period of time; for example, annual for most services and lifetime for orthodontics. Annual Maximums are applied on either a calendar or contract year basis.

Your Out-of-Pocket Costs

In order to keep the Plan affordable for You and Your Group, the Plan includes certain cost-sharing features. If the class or service grouping is not covered under the Plan, the Schedule of Benefits will indicate either “not covered” or “Plan Pays – 0%”. You will be responsible to pay Your dentist the full charge for these uncovered services.

Classes or service groupings shown with “Plan Pays” percentages greater than 0% but less than 100% require you to pay a portion of the cost for the Covered Service. For example, if the Plan pays 80%, Your share or Coinsurance is 20% of the Maximum Allowable Charge. You are also responsible to pay any Deductibles, charges exceeding the Plan Maximums or charges for Covered Services performed before satisfaction of any applicable Waiting Periods.

Services

The general descriptions below explain the services on the Schedule of Benefits. The descriptions are not all-inclusive – they include only the most common dental procedures in a class or service grouping. Specific dental procedures may be shifted among groupings or classes or may not be covered depending on Your Group’s choice of Plan. Check the Schedule of Benefits attached to this Certificate to see which groupings are covered (“Plan Pays percentage greater than “0%”). Also, have Your provider call Us to verify coverage of specific dental procedures or log on to My Dental Benefits or My Patient’s benefits at www.unitedconcordia.com to check coverage. Services covered on the Schedule of Benefits are also subject to Exclusions and Limitations. Be sure to review the Schedule of Exclusions and Limitations also attached to this Certificate.

Exclusions and Limitations

Services indicated as covered on the Schedule of Benefits are subject to frequency or age Limitations detailed on the attached Schedule of Exclusions and Limitations. The existence of a Limitation on the Schedule of Exclusions and Limitations does not mean the service is covered under the Plan. Before reviewing the Limitations, You must first check the Schedule of Benefits to see which services are covered. No benefits will be provided for services, supplies or charges detailed under the Exclusions on the Schedule of Exclusions and Limitations.

Payment of Benefits

If You have treatment performed by a Participating Dentist, We will pay covered benefits directly to the Participating Dentist. Both You and the dentist will be notified of benefits covered, Plan payment and any amounts You owe for Coinsurance, Deductibles, charges exceeding Maximums or charges for services not covered. Payment will be based on the Maximum Allowable Charge the treating Participating Dentist has contracted to accept.

If You receive treatment from a Non-Participating Dentist, We will send payment for covered benefits to You unless You indicate on the claim that You wish payment to be sent directly to Your treating dentist. You will be notified of the services covered, Plan payment and any amounts You owe for Coinsurance, Deductibles, charges exceeding Maximums or charges for services not covered. The Plan payment will be based on the Maximum Allowable Charges for the services. You will be responsible to pay the dentist any difference between the Plan's payment and the dentist's full charge for the services.

The Company does not disclose claim or eligibility records except as allowed or required by law and then in accordance with federal and state law. The Company maintains physical, electronic, and procedural safeguards to guard claims and eligibility information from unauthorized access, use, and disclosure.

Overpayments

When We make an overpayment for benefits, We have the right to recover the overpayment either from You, from the person to whom it was paid, or from the dentist to whom the payment was made on behalf of the Member. We will recover the overpayment either by requesting a refund or offsetting the amount overpaid from future claim payments. Recovery will be done in accordance with any applicable state laws or regulations.

Coordination of Benefits (COB)

If You or Your Dependents are covered by any other dental plan and receive a service covered by this Plan and the other dental plan, benefits will be coordinated. This means that one plan will be primary and determine its benefits before those of the other plan and without considering the other plan's benefits. The other plan will be secondary and determine its benefits after the primary plan. The secondary plan's benefits may be reduced because of the primary plan's payment. Each plan will provide only that portion of its benefit that is required to cover expenses. This prevents duplicate payments and overpayments. Upon determination of primary or secondary liability, this Plan will determine payment.

1. The following words and phrases regarding the Coordination of Benefits ("COB") provision are defined as set forth below:
 - A) **Allowable Amount** is the Plan's allowance for items of expense, when the care is covered at least in part by one or more Plans covering the Member for whom the claim is made.
 - B) **Claim Determination Period** means a benefit year. However, it does not include any part of a year during which a person has no coverage under this Plan.
 - C) **Other Dental Plan** is any form of coverage which is separate from this Plan with which coordination is allowed. **Other Dental Plan** will be any of the following which provides dental benefits, or services, for the following: Group insurance or group type coverage, whether insured or uninsured. It also includes coverage other than school accident type coverage (including grammar, high school and college student coverages) for accidents only, including athletic injury, either on a twenty-four (24) hour basis or on a "to and from school basis," or group or group type hospital indemnity benefits of \$100 per day or less.
 - D) **Primary Plan** is the plan which determines its benefits first and without considering the other plan's benefits. A plan that does not include a COB provision may not take the benefits of another plan into account when it determines its benefits.
 - E) **Secondary Plan** is the plan which determines its benefits after those of the other plan (Primary Plan). Benefits may be reduced because of the other plan's (Primary Plan) benefits.
 - F) **Plan** means this document including all schedules and all riders thereto, providing dental care benefits to which this COB provision applies and which may be reduced as a result of the benefits of other dental plans.
2. The fair value of services provided by the Company will be considered to be the amount of benefits paid by the Company. The Company will be fully discharged from liability to the extent of such payment under this provision.
3. In order to determine which plan is primary, this Plan will use the following rules.
 - A) If the other plan does not have a provision similar to this one, then that plan will be primary.
 - B) If both plans have COB provisions, the plan covering the Member as a primary insured is determined before those of the plan which covers the person as a Dependent.
 - C) Dependent Child/Parents Not Separated or Divorced -- The rules for the order of benefits for a Dependent child when the parents are not separated or divorced are:
 - 1) The benefits of the plan of the parent whose birthday falls earlier in a year are determined before those of the plan of the parent whose birthday falls later in that year;
 - 2) If both parents have the same birthday, the benefits of the plan which covered the parent longer are determined before those of the plan which covered the other parent for a shorter period of time;
 - 3) The word "birthday" refers only to month and day in a calendar year, not the year in which the person was born;
 - 4) If the other plan does not follow the birthday rule, but instead has a rule based upon the gender of the parent; and if, as a result, the plans do not agree on the order of benefits, the rule based upon the gender of the parent will determine the order of benefits.
 - D) Dependent Child/Separated or Divorced Parents -- If two or more plans cover a person as Dependent child of divorced or separated parents, benefits for the child are determined in this order:
 - 1) First, the plan of the parent with custody of the child.
 - 2) Then, the plan of the spouse of the parent with the custody of the child; and
 - 3) Finally, the plan of the parent not having custody of the child.

- 4) If the specific terms of a court decree state that one of the parents is responsible for the dental care expenses of the child, and the entity obligated to pay or provide the benefits of the plan of that parent has actual knowledge of those terms, the benefits of that plan are determined first. The plan of the other parent will be the Secondary Plan.
 - 5) If the specific terms of the court decree state that the parents will share joint custody, without stating that one of the parents is responsible for the dental care expenses of the child, the plans covering the child will follow the order of benefit determination rules outlined in Section 3-C) above, titled Dependent Child/Parents Not Separated or Divorced.
- E) Active/Inactive Member
- 1) For actively employed Members and their spouses over the age of 65 who are covered by Medicare, the plan will be primary.
 - 2) When one contract is a retirement plan and the other is an active plan, the active plan is primary. When two retirement plans are involved, the one in effect for the longest time is primary. If another contract does not have this rule, then this rule will be ignored.
- F) If none of these rules apply, then the contract which has continuously covered the Member for a longer period of time will be primary.
- G) The plan covering an individual as a COBRA continuee will be secondary to a plan covering that individual as a Member or a Dependent.
4. Right to Receive and Release Needed Information -- Certain facts are needed to apply these COB rules. The Company has the right to decide which facts it needs. It may get needed facts from or give them to any other organization or person. Any health information furnished to a third party will be released in accordance with federal law. Each person claiming benefits under This Plan must give any facts needed to pay the claim.
 5. Facility of Payment -- A payment made under another plan may include an amount which should have been paid under this Plan. If it does, the Company may pay the amount to the organization which made that payment. That amount will then be treated as though it were a benefit paid under This Plan, and the Company will not pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means reasonable cash value of the services prepaid by the Company.
 6. Right of Recovery -- If the payment made by the Company is more than it should have paid under this COB provision, the Company may recover the excess from one or more of the following: (1) persons it has paid or for whom it has paid; or (2) insurance companies; or (3) other organization. Members are required to assist the Company to implement this section.

Workers' Compensation

When a Member is eligible for Workers' Compensation benefits through employment, the cost of dental treatment for an injury which arises out of and in the course of Member's employment is not a covered benefit under this Plan. Therefore, if the Company pays benefits which are covered by a Workers' Compensation policy, the Company has the right to obtain reimbursement for those benefits paid. The Member must provide any assistance necessary, including furnishing information and signing necessary documents, for the Company to receive the reimbursement.

Review of a Benefit Determination

If You are not satisfied with the Plan's benefit, please contact Our Customer Service Department at the toll-free telephone number in the Introduction section of this Certificate. If, after speaking with a Customer Service representative, You are still dissatisfied, refer to the Appeal Procedure Addendum attached to this Certificate for further steps You can take regarding Your claim.

TERMINATION -- WHEN COVERAGE ENDS

Your coverage and/or Your Dependents' coverage will end:

- on the date You lose eligibility under Your Group's eligibility requirements; or
- on the date Premium payment ceases for You and/or Your Dependents, as specified by your Group; or
- on the date Your Dependent(s) cease to meet the requirements in the definition of Dependent in the Definitions section of this Certificate;

If Your coverage or Your Dependents' coverage is terminated as described above, coverage for completion of a dental procedure requiring two or more visits on separate days will be extended for a period of 90 days after the Member's Termination Date in order for the procedure to be finished. The procedure must be started prior to the Member's Termination Date. The procedure is considered "started" when the teeth are irrevocably altered. For example, for crowns, bridges and dentures, the procedure is started when the teeth are prepared and impressions are taken. For root canals, the procedure is started when the tooth is opened and pulp is removed. For orthodontic treatment, if covered under the Plan, coverage will be extended through the end of the month of the Member's Termination Date.

If Your coverage ends, Your Dependents' coverage will end on the same date unless otherwise specified in a State Law Provisions Addendum to this Certificate. If the Group Policy is cancelled, Your coverage and Your Dependents' coverage will end on the Group Policy Termination Date.

In the event of a default in Premium payment by the Policyholder, coverage will remain in effect for the Grace Period extended for payment of the overdue Premium. If the Premium is not received by the end of the Grace Period, the Group Policy will be cancelled and coverage will terminate the first day following the end of the Grace Period.

The Company is not liable to pay any benefits for services, including those predetermined, which are performed after the Termination Date of a Member's coverage or of the Group Policy.

CONTINUATION COVERAGE

Federal law may require certain employers to offer continuation coverage to Members for a specified period of time upon termination of employment or reduction of work hours for any reason other than gross misconduct. You should contact Your employer to find out whether or not this requirement applies to You and Your employer. Your employer will advise You of Your rights to continuation coverage and the cost. If this requirement does apply, You must elect to continue coverage within 60 days from Your qualifying event or notification of rights by Your employer, whichever is later. You may elect to extend Dependent(s)' coverage, or the Dependent(s) may elect to continue coverage under certain circumstances or qualifying events. Dependent(s) must elect to continue coverage within 60 days from the event or notification of rights by Your employer, whichever is later. You must pay the required premium for continuation coverage directly to your employer. The Company is not responsible for determining who is eligible for continuation coverage.

STATE LAW PROVISIONS ADDENDUM

TO

CERTIFICATE OF INSURANCE

This addendum is effective on the Effective Date as stated in the Certificate of Insurance "Certificate" and attached to and made part of the Certificate.

The following subsection "Coordination of Benefits" is deleted in the "Benefits" Section and the following is substituted:

BENEFITS

COORDINATION OF BENEFITS (COB)

The Coordination of Benefits ("COB") provision applies when a person has health care coverage under more than one Plan. Plan is defined below.

The order of benefit determination rules govern the order in which each Plan will pay a claim for benefits. The Plan that pays first is called the Primary plan. The Primary plan must pay benefits in accordance with its policy terms without regard to the possibility that another Plan may cover some expenses. The Plan that pays after the Primary plan is the Secondary plan. The Secondary plan may reduce the benefits it pays so that payments from all Plans does not exceed 100% of the total Allowable expense.

DEFINITIONS

A. "A Plan" is any of the following that provides benefits or services for medical or dental care or treatment. If separate contracts are used to provide coordinated coverage for Members of a group, the separate contracts are considered parts of the same plan and there is no COB among those separate contracts.

(1) Plan includes: group and nongroup insurance contracts, health insuring corporation ("HIC") contracts, closed panel plans or other forms of group or group-type coverage (whether insured or uninsured); medical care components of long-term care contracts, such as skilled nursing care; medical benefits under group or individual automobile contracts; and Medicare or any other federal governmental plan, as permitted by law.

(2) Plan does not include: hospital indemnity coverage or other fixed indemnity coverage; accident only coverage; specified disease or specified accident coverage; supplemental coverage as described in [Revised Code sections 3923.37](#) and [1751.56](#); school accident type coverage; benefits for non-medical components of long-term care policies; Medicare supplement policies; Medicaid policies; or coverage under other federal governmental plans, unless permitted by law.

Each contract for coverage under (1) or (2) is a separate Plan. If a Plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate Plan.

B. "This plan" means, in a COB provision, the part of the contract providing the health care benefits to which the COB provision applies and which may be reduced because of the benefits of other plans. Any other part of the contract providing health care benefits is separate from this plan. A contract may apply one COB provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another COB provision to coordinate other benefits.

C. The order of benefit determination rules determine whether This plan is a Primary plan or Secondary plan when the person has health care coverage under more than one Plan.

When This plan is primary, it determines payment for its benefits first before those of any other Plan

without considering any other Plan's benefits. When This plan is secondary, it determines its benefits after those of another Plan and may reduce the benefits it pays so that all Plan benefits do not exceed 100% of the total Allowable expense.

D. Allowable expense is a health care expense, including Deductibles, Coinsurance and copayments, that is covered at least in part by any Plan covering the person. When a Plan provides benefits in the form of services, the reasonable cash value of each service will be considered an Allowable expense and a benefit paid. An expense that is not covered by any Plan covering the person is not an Allowable expense. In addition, any expense that a provider by law or in accordance with a contractual agreement is prohibited from charging a covered person is not an Allowable expense.

The following are examples of expenses that are not Allowable expenses:

- (1) The difference between the cost of a semi-private hospital room and a private hospital room is not an Allowable expense, unless one of the Plans provides coverage for private hospital room expenses.
- (2) If a person is covered by 2 or more Plans that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an Allowable expense.
- (3) If a person is covered by 2 or more Plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an Allowable expense.
- (4) If a person is covered by one Plan that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another Plan that provides its benefits or services on the basis of negotiated fees, the Primary plan's payment arrangement shall be the Allowable expense for all Plans. However, if the provider has contracted with the Secondary plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the Primary plan's payment arrangement and if the provider's contract permits, the negotiated fee or payment shall be the Allowable expense used by the Secondary plan to determine its benefits.
- (5) The amount of any benefit reduction by the Primary plan because a covered person has failed to comply with the Plan provisions is not an Allowable expense. Examples of these types of plan provisions include second surgical opinions, precertification of admissions, and preferred provider arrangements.

E. Closed panel plan is a Plan that provides health care benefits to covered persons primarily in the form of services through a panel of providers that have contracted with or are employed by the Plan, and that excludes coverage for services provided by other providers, except in cases of emergency or referral by a panel Member.

F. Custodial parent is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one half of the calendar year excluding any temporary visitation.

ORDER OF BENEFIT DETERMINATION RULES

When a person is covered by two or more Plans, the rules for determining the order of benefit payments are as follows:

A. The Primary plan pays or provides its benefits according to its terms of coverage and without regard to the benefits of under any other Plan.

B. (1) Except as provided in Paragraph (2), a Plan that does not contain a Coordination of Benefits provision that is consistent with this regulation is always primary unless the provisions of both Plans state

that the complying plan is primary.

(2) Coverage that is obtained by virtue of Membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be excess to any other parts of the Plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits, and insurance type coverages that are written in connection with a Closed panel plan to provide out-of-network benefits.

C. A Plan may consider the benefits paid or provided by another Plan in calculating payment of its benefits only when it is secondary to that other Plan.

D. Each Plan determines its order of benefits using the first of the following rules that apply:

(1) Non-Dependent or Dependent. The Plan that covers the person other than as a Dependent, for example as an employee, Member, policyholder, subscriber or retiree is the Primary plan and the Plan that covers the person as a Dependent is the Secondary plan. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the Plan covering the person as a Dependent, and primary to the Plan covering the person as other than a Dependent (e.g. a retired employee), then the order of benefits between the two Plans is reversed so that the Plan covering the person as an employee, Member, policyholder, subscriber or retiree is the Secondary plan and the other Plan is the Primary plan.

(2) Dependent child covered under more than one plan. Unless there is a court decree stating otherwise, when a Dependent child is covered by more than one Plan the order of benefits is determined as follows:

(a) For a Dependent child whose parents are married or are living together, whether or not they have ever been married:

- The Plan of the parent whose birthday falls earlier in the calendar year is the Primary plan; or
- If both parents have the same birthday, the Plan that has covered the parent the longest is the Primary plan.
- However, if one spouse's plan has some other coordination rule (for example, a "gender rule" which says the father's plan is always primary), we will follow the rules of that plan.

(b) For a Dependent child whose parents are divorced or separated or not living together, whether or not they have ever been married:

(i) If a court decree states that one of the parents is responsible for the Dependent child's health care expenses or health care coverage and the Plan of that parent has actual knowledge of those terms, that Plan is primary. This rule applies to plan years commencing after the Plan is given notice of the court decree;

(ii) If a court decree states that both parents are responsible for the Dependent child's health care expenses or health care coverage, the provisions of Subparagraph (a) above shall determine the order of benefits;

(iii) If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the Dependent child, the provisions of Subparagraph (a) above shall determine the order of benefits; or

(iv) If there is no court decree allocating responsibility for the Dependent child's health care expenses or health care coverage, the order of benefits for the child are as follows:

- The Plan covering the Custodial parent;
- The Plan covering the spouse of the Custodial parent;
- The Plan covering the non-custodial parent; and then • The Plan covering the spouse of the non-custodial parent.

(c) For a Dependent child covered under more than one Plan of individuals who are not the parents of the child, the provisions of Subparagraph (a) or (b) above shall determine the order of benefits as if those individuals were the parents of the child.

(3) Active employee or retired or laid-off employee. The Plan that covers a person as an active employee, that is, an employee who is neither laid off nor retired, is the Primary plan. The Plan covering that same person as a retired or laid-off employee is the Secondary plan. The same would hold true if a person is a Dependent of an active employee and that same person is a Dependent of a retired or laid off employee. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D(1) can determine the order of benefits.

(4) COBRA or state continuation coverage. If a person whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another Plan, the Plan covering the person as an employee, Member, subscriber or retiree or covering the person as a Dependent of an employee, Member, subscriber or retiree is the Primary plan and the COBRA or state or other federal continuation coverage is the Secondary plan. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D(1) can determine the order of benefits.

(5) Longer or shorter length of coverage. The Plan that covered the person as an employee, Member, policyholder, subscriber or retiree longer is the Primary plan and the Plan that covered the person the shorter period of time is the Secondary plan.

(6) If the preceding rules do not determine the order of benefits, the Allowable expenses shall be shared equally between the Plans meeting the definition of Plan. In addition, This plan will not pay more than it would have paid had it been the Primary plan.

EFFECT ON THE BENEFITS OF THIS PLAN

A. When This plan is secondary, it may reduce its benefits so that the total benefits paid or provided by all Plans during a plan year are not more than the total Allowable expenses. In determining the amount to be paid for any claim, the Secondary plan will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any Allowable expense under its Plan that is unpaid by the Primary plan. The Secondary plan may then reduce its payment by the amount so that, when combined with the amount paid by the Primary plan, the total benefits paid or provided by all Plans for the claim do not exceed the total Allowable expense for that claim. In addition, the Secondary plan shall credit to its plan deductible any amounts it would have credited to its deductible in the absence of other health care coverage.

B. If a covered person is enrolled in two or more Closed panel plans and if, for any reason, including the provision of service by a non-panel provider, benefits are not payable by one Closed panel plan, COB shall not apply between that Plan and other Closed panel plans.

RIGHT TO RECEIVE AND RELEASE NEEDED INFORMATION

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits payable under This plan and other Plans. The Company may get the facts it needs from or give them to other organizations or persons for the purpose of applying these rules and determining benefits payable under This plan and other Plans covering the person claiming benefits. The

Company need not tell, or get the consent of, any person to do this. Each person claiming benefits under This plan must give the Company any facts it needs to apply those rules and determine benefits payable.

FACILITY OF PAYMENT

A payment made under another Plan may include an amount that should have been paid under This plan. If it does, the Company may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under This plan. The Company will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means the reasonable cash value of the benefits provided in the form of services.

RIGHT OF RECOVERY

If the amount of the payments made by the Company is more than it should have paid under this COB provision, it may recover the excess from one or more of the persons it has paid or for whom it has paid, or any other person or organization that may be responsible for the benefits or services provided for the covered person. The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

ADDENDUM
TO
GROUP POLICY AND CERTIFICATE OF INSURANCE

This Addendum is effective on the Effective Date as stated in the Group Policy and attached to and made part of the Group Policy and Certificate of Insurance.

The following language is added to the Group Policy and Certificate of Insurance:

The Company uses Maximum Allowable Charge schedules to determine claim payments. Payment is the lesser of the dentist's submitted charge or the Maximum Allowable Charge.

Maximum Allowable Charges for Covered Services are determined by geographical area of the dental office. The Maximum Allowable Charges in the geographical area of the dental office are used to calculate the Company's payment on claims. Maximum Allowable Charges are reviewed periodically and adjusted as appropriate to reflect increased dentist fees within the geographical areas. Participating Dentists accept their contracted Maximum Allowable Charges as payment in full for Covered Services.
