

Your Dental Plan Includes Smile for Health[®]–Wellness

Improved benefits for people with certain chronic medical conditions and gum disease

If you or anyone in your family has been diagnosed with a chronic illness and periodontitis (gum disease), you and your dependents are eligible for improved dental benefits through Smile for Health[®]–Wellness. Getting the proper treatment and maintenance for gum disease will have a positive effect on your overall wellness as scientists continue to uncover connections between certain chronic conditions and gum disease.

Smile for Health[®]–Wellness is for people with the following chronic medical conditions:

- Cerebral Vascular Disease (stroke)
- Coronary Artery Disease (heart)
- Diabetes
- Lupus
- Oral Cancer
- Organ Transplant
- Rheumatoid Arthritis

Register to use Smile for Health[®]–Wellness any time after your insurance plan's effective date. Here's how:

- Visit **UnitedConcordia.com**
- Sign into **My Dental Benefits** (or, create an account!)
- Click **My Oral Health**
- Add your **medical condition**

With Smile for Health[®]–Wellness you'll get full coverage for periodontal services, including surgical procedures, to remove the financial obstacles to total oral care.

Improved Benefits

Service	Coverage
Periodontal Maintenance—one additional to your plan's standard limit per year	100%*
Scaling & Root Planing	
Periodontal Surgery—four procedures**	

* Standard frequency limitations apply

** Four procedures related to gingival flap or osseous surgeries

The program also includes email outreach designed to educate and encourage you to stay on track with your oral care to better manage your condition. You can expect to receive regular monthly emails full of tips to keep you aware of the importance of oral health.
