Facts on the Affordable Care Act

A more human resource.™

Large employers like ours must report to full-time employees and the IRS information about whether or not we offered full-time employees affordable health care coverage and information about that coverage.

What Does it Mean for You?

By now you should have received your Form 1095-C. Now what?

1. The Form 1095-C, unlike a W-2, does not need to be filed with your taxes; however, you may need information from the Form 1095-C to complete your income tax return and it should be retained for your reference.
2. If your Form 1095-C was not provided or you did not receive your Form 1095-C in the mail, you should contact your HR Support Services at 732-751-3553 or HumanResourcesBenefits@hackensackmeridian.org.

In some instances, you may have received a Form 1095-B from your insurance carrier that contains information similar to Form 1095-C.

Additional information about Form 1095-C can be found on ADP's website at www.adp.com/1095CEmployeeguide. ACA compliance requirements can be found at www.hhs.gov/healthcare/rights/ or www.irs.gov.
